Our *Heritage*

@RebeccaAustin

Bury St Edmunds has been settled since Anglo-Saxon times, and when a young King Edmund led his troops against Viking invaders in 869 AD it was to be a turning point in English history.

Edmund was defeated and martyred for his Christian faith. He soon became a saint, and his shrine in Bury St Edmunds attracted pilgrims from all over Europe.

The wealth of the Benedictine abbey which grew up around his shrine helped the town to flourish, with a market and fair, Guildhall and grid of fine Norman and medieval buildings.

The town later became a fashionable Georgian resort ('The Montpellier of Suffolk') with its famous fair,

assembly rooms and unique Regency theatre.

Later still, it became a magnet for Victorian literary giants, such as Dickens, Thackeray and Oscar Wilde.

Today its streets bear witness to over 1,000 years of history, from lively local tales to great national events.
